C3L Cash Recycling ATM

Compact in size, complete in capability. The C3L Cash Recycling ATM is purpose-built for retail and banking environments where space is at a premium without ever compromising on performance. At just 31.5 inches deep, it installs naturally into tight counter spaces and back-office layouts where conventional ATMs simply won't fit. With up to 6-denomination support, a 9,550-note* capacity, and a cassette configuration you can change to match your operation, the C3L delivers reliable, high-accuracy cash recycling precisely where you need it. Powered by AI-based note recognition and protected by a UL291-certified safe enclosure, it brings bank-grade accuracy and security to every transaction right-sized for your environment.
