C5L Cash Recycling ATM

Compact by design, powerful by performance. The C5L Cash Recycling ATM is engineered to deliver serious performance in a form factor that fits where others won't. Supporting up to 8 denominations and a 13,700-note* total capacity, the C5L handles greater currency complexity with the flexibility to match a cassette configuration that adapts to your exact operational needs, and AI-based note recognition that ensures transaction accuracy from the first note to the last. Backed by a UL291 Level 1 certified safe, PCI 6.0-compliant EPP, and a front-access design built for fast, hassle-free maintenance, the C5L is built for operations that demand more from every square inch.
